Communicated with customers, and operated register

## Languages

Java	Proficient	<i>Java is the language I've spent the most time working in. Used for Senior Project.</i>
Python	Proficient	<i>Python is a close second behind Java, I love using it to prototype an idea. Used to create a Recommender system, and web crawler.</i>

JavaScript	Advanced Beginner	<i>I've spent time in JS creating front ends for a few projects. Used to create a dynamic front end for a forum site.</i>
MySQL	Competent	<i>Used for several projects. Most notably the Recommender System.</i>
C++	Competent	<i>Used in a few classes, on foundation projects. Used to gain a better understanding of Object Oriented Programming.</i>
F#	Competent	<i>Used to create a custom language parser.</i>
HTML	Proficient	<i>I'm comfortable with HTML.</i>
CSS	Proficient	<i>Also comfortable with CSS.</i>
Lua	Advanced Beginner	<i>I've used Lua for some basic game modding, most notably a custom game mode, with a basic AI, for Garry's Mod.</i>

## Computer skills

OS	Proficient in Windows, Competent in Linux, and OSX
Microsoft	Excel Certified. Proficient in other office software
Adobe	Competent in Photoshop and Bridge
