Communicated with customers, and operated register.

Languages

Java   Proficient   *Java is the language I've spent the most time working in. Used for Senior Project.*

Python	Proficient	*Python is a close second behind Java, I love using it to prototype an idea. Used to create a Recommender system, and web crawler.*
JavaScript	Advanced Beginner	*I've spent time in JS creating front ends for a few projects. Used to create a dynamic front end for a forum site.*
MySQL	Competent	*Used for several projects. Most notably the Recommender System.*
C++	Competent	*Used in a few classes, on foundation projects. Used to gain a better understanding of Object Oriented Programming.*
F#	Competent	*Used to create a custom language parser.*
HTML	Proficient	*I'm comfortable with HTML.*
CSS	Proficient	*Also comfortable with CSS.*
Lua	Advanced Beginner	*I've used Lua for some basic game modding, most notably a custom game mode, with a basic AI, for Garry's Mod.*

Computer skills

OS	Proficient in Windows, Competent in Linux, and OSX
Microsoft	Excel Certified. Proficient in other office software
Adobe	Competent in Photoshop and Bridge
